

The social committee plans and coordinates social activities for the DTES parishes. The purpose of these activities is to build community within the parishes and create an inclusive environment that is welcoming to local residents. The social committee achieves this purpose

by:

-

developing a plan for seasonal activities (such as parish picnic, potluck dinners, garage sales, etc.) in consultation with the parish priest

-

creating an environment that is welcoming to local residents and working to ensure inclusion of our diverse population at all celebrations and activities

-

regular evaluation of response to activities

-

informing the parishes about social activities

-

assisting with fund-raising activities

-

creating a budget to propose to the finance committee

This committee is composed of members of Kateri Tekakwitha Native Catholic Centre, St. Paul's, and Sacred Heart parishes.

The chair of this committee reports to the Parish Council.
